Attachments: [03.16.16 RCMS 1900-55.pdf](#)

Leroy:

Attached is the signed 1900-55 for 3/16/16. I previously provided the one for 2/22/16 so you should have all the signed 1900-55's. If not, please let me know.

I expect that the labor hours charged after 10/31/15 be credited otherwise you will need to get approval from the CO for those charges since they are beyond the Task Order date. CBI had from 6/10/15 through 10/31/15 (4.5 months) to complete the billing aspects of the project. In fact, had the billing been done periodically during the conduct of the project as would normally be done CBI would not have had so many pendings remaining at the end of the project. CBI failing to bill promptly makes it more difficult at the end of the project to close it out promptly. If you needed more time to complete the close out, you needed to contact the CO. It's hard for me to believe that it takes more than 4.5 months to complete the closeout.

Thanks

Subject: Correcting 1900-55 for temperature gun on the 1900-55 12 04 2015

Gary:

Attached is the current 1900-55 removing the temperature gun following your comments on the 1900-55 dated 12 04 2015. Please sign this and the previous Final 1900-55 on 2 22 2016. We would like to bill the ~ \$ 30,000 in corresponding ODC s included on that 1900-55. I will be traveling tomorrow but I will be available on Monday, if you have questions.
